

Family Ties

A program of Kinship Center® and San Luis Obispo County Department of Social Services

Many children enter the foster care system because their birth parents are unable or unwilling to care for them. Whenever possible, children are placed with relatives. Many of these children have significant physical, emotional or development challenges, or they suffer from past traumas. Family Ties makes possible an array of services that build the capacity of relative caregivers to promote children's safety and well being.

Family Ties

75 North Main Street Suite (Next to the Templeton Post Office)

Templeton, CA 93465
