We are seeking interested parents who want to become Parent Leaders and get involved in your community.

By participating in our 12-week Academy you will learn how to participate in decisions which affect you and your children. The first six weeks focuses on leadership and communication skills and the second six weeks is about how our government works and how you can influence your elected representatives. The program is inter-cultural and inter-generational. It is open to fathers, mothers, grandparents, foster and/or adoptive parents. Each person will receive a stipend for attending the classes.
