

CENTRAL COAST AUTISM SPECTRUM CENTER *presents:*

# Navigation

*Helping families find their way on a new journey*

*Navigation is an eight week course designed to provide support, guidance and valuable information for families either with a new autism spectrum disorder diagnosis, or families that believe they may need one.*

*The course is taught by Rebecca Trimbath, BCBA, and covers basic information about autism, behavioral interventions, and community resources— all while your child is being cared for by trained professionals and volunteers in a developmentally appropriate, quality preschool setting.*

## Navigation

- Understand Autism Spectrum Disorders
- Learn to manage behaviors and teach skills effectively
- Become an active member of your child's team
- Learn techniques of Applied Behavioral Analysis to use at home
- Gain insight into Community Resources
- Watch professionals model successful interactions with your child

Tuesdays, January 17– March 6, 2012

6:00-7:30pm (children need to be fed prior to class start)

Cal Poly Lab School Preschool

Cost is \$300 per family for the entire 8 weeks

To register, or for more information, please go to:
