Julie began using parent connection tools over 25 years ago with her 3 (now adult) daughters, and has been a Certified Parent Educator and Coach for over 10 years. Julie's joy is teaching parents to create families that are confident, self-aware and empowered to grow to their highest potential !!

"Julie came into my life at a time when I desperately needed help to improve some very dysfunctional dynamics in my family. My work with her helped to restore connection, cooperation, and joy back into our home! I would highly recommend her to any parent who wishes to improve their family relationships, have a better functioning home, and who wouldn't mind having more fun!"
